Dear Mr. Weisberg:
I had written you before of my intrest in the Kennedy Assassination and had ordered your other two Whitewash books two months ago.
I have come across a reference to two more books published by you that you did not mention in your last letter. They are:
"Post-Mortem:Suppressed Kennedy Autopsy" and "Post-Mortem III:Sectets of " " "

Are these available?
Also did you finish the other book mentioned in the back of the Whitewash II? Or was it just incorporated into the "Frame Up" book.
As of now I have the 3 Whitewash books,Frame up and an out-of print bookstore looking for the "Oswald In New Orleans".
Any help you could give me in this matter would be greatly appreciated.
Thanks for your time,
Sincerely,

M.J. Smith
